

INTELLIGENCE COMMUNITY Virtual Career Fair

U.S. citizenship is required.

Meet the Intelligence Community Online

The United States Intelligence Community (IC), an integrated network of agencies that work together to protect our nation's security, is seeking a culturally diverse, technologically savvy and skilled workforce for exciting careers in a number of fields. Join us at the IC Virtual Career Fair to explore career opportunities, chat with recruiters and subject matter experts, and learn how to apply for job openings.

Please be aware that the agencies participating in the Virtual Career Fair will be hiring fewer new employees this year than in past years due to budget cuts. Competition will be keen and individuals with proficiency in mission critical languages such as Arabic, Farsi, Mandarin, Russian, etc, and with education/experience in science, engineering, cybersecurity and information technology and other critical skills will have the best chance for employment.

Wednesday, February 26, 2 p.m. – 8 p.m. ET

Registration now open. Go to ICVirtualFair.com

Space is limited! To guarantee your entrance into this event, pre-registration is highly encouraged.

From the comfort of your computer or mobile device, you can:

- Visit IC agencies' virtual booths to explore currently available jobs
- Chat with recruiters and subject matter experts in real-time (subject to staff availability)
- Attend live presentations
- Network with other job seekers
- Learn about cooperative education programs for current students
- Link to IC agency Web sites and online application systems
- Gain a realistic understanding of IC security clearance requirements

Career opportunities are available in a variety of fields, including:

- Clandestine Services
- Computer Science/Computer Engineering
- Cooperative Education Programs
- Cybersecurity/Information Assurance
- Data Science
- Engineering – Aerospace, Aeronautical, Chemical, Electronics, Mechanical, Nuclear and Systems
